

Property History Questions for Daycare Center Applicants

This attachment collects information about how the property and buildings that your daycare center occupies were used in the past. Some past uses such as agricultural or manufacturing/industrial could have left chemicals behind on the land or in the buildings. The information you provide will help the Department of Public Health identify whether residual chemicals may be present at your daycare property and will help the Department ensure that actions are taken (if needed) to make the property safe.

Please answer the questions to the best of your ability and go back in time as far as readily available information allows. If, after a reasonable level of effort, you are not able to obtain information about the history of your property, you can check "unknown." This response will not delay processing of your application and will not be a reason for denying your application.

We strongly recommend that you talk with the following people to help you complete this questionnaire.

- Your landlord (if applicable)
- Local health department. For help finding your LHD: https://www.han.ct.gov/local_health/localmap.asp
- Town Planner/Town zoning office
- Town Engineer/Town Building Department

Other resources that may be helpful to you:

- Town tax assessor
- Town land records
- Local fire marshal
- Local economic development agency

If you have questions about completing this form, please contact Sharee Rusnak of the Environmental and Occupational Health Assessment Program at 860-509-7742 or sharee.rusnak@ct.gov. For answers to all other questions regarding daycare licensing regulations, requirements and applications, call the help desk at 1-800-509-8045.

General Information

Applicant Name _____

Name of Daycare Center _____

Daycare Address _____
